

G10308 Acqua Express | KETTLE

► DESCRIPTION

Acqua Express is made with hidden heating elements to avoid unsightly deposits of limestone on the inside which will result very difficult to clean. Thanks to the 2200 watts of power, this kettle can bring water to boil in a few seconds and faster than the microwave. Equipped with 1.7-liter jug and removable filter on the spout, Acqua Express has a convenient graduated window to quickly check the water level and it is equipped with automatic shut-off and over-heating protection system to always ensure maximum safety of use. With control and operation light and heat-resistant handle, this kettle has a multidirectional power base to ensure comfortable use with both hands.
