

G10039 Argenticook 28 | ELECTRIC OVEN WITH CONVECTION

► DESCRIPTION

Small enough to perfectly fit on any kitchen counter, Argenticook 28 can boast an effective 28 litres inner capacity and it is able to comfortably place a 30 cm diameter plate, always ensuring excellent cooking performance combined with low energy consumption. Equipped with 4 steel-made heating elements, 60 minutes timer and adjustable thermostat which can be set up to a maximum of 230° C, Argenticook has 3 different cooking functions with "grill only" option which is ideal for crisping both meat and fish to perfection, while internal convection allows even cooking very quickly.
