

G50022 Klimas | MIST FAN

► DESCRIPTION

Klimas is not only a standard tower fan, it is an air-circulator equipped with ultrasound system which is able to atomize the water into very fine particles (down to 1 micron) to keep the room at the right temperature and humidity. Featuring an ultra-quiet motor of 75 watts of power (100% copper winding), this mist fan features 3 speeds and 3 different preset cooling mode for maximum comfort. Equipped with 12 hours timer and remote control, it features a large electronic control panel with LED display and a solid support base with directional wheels to be easily moved from one room to another.

► TECHNICAL FEATURES

| | |
|--|------------------------------------|
| ✓ Powerful and silent motor | ✓ Motor winding 100% copper |
| ✓ Height 127 cm | ✓ Diameter 40 cm |
| ✓ Safety protection grid | ✓ Nebulizer 280 ml/h |
