

## G20064 Naturella | JUICE EXTRACTOR

### ► DESCRIPTION

Equipped with a 400 watt power motor, juice extractor Naturella has 2 speed: the lowest is ideal for soft fruits and vegetables while the highest speed is suitable for all the harder ingredients to squeeze. Equipped with a large feeding tube of 65 mm which reduces the pre-cutting operations, this unit is equipped with a locking bracket which keeps cover securely during operation, according to the current standards of safety. Completely removable for easy cleaning, Naturella has a stainless steel filter and includes a glass of 500 ml of capacity to collect the pulp.
