

G50024 Frio Digital | AIR COOLER

► DESCRIPTION

FRIO DIGITAL is an innovative air cooler, to ventilate and make any room fresh, purifying at the same time the air through the filter and the ionic function mounted in it. Thanks to the powerful airflow and to the 2 ice boxes included it is possible to increase the refreshing effect. The air leaves can give the desired direction to the airflow and the control panel is simple and easy to use. The 3 speeds and the 3 functioning modes allow you to choose between a powerful air flow and a silent one, that you can use also during your sleep, for a comfortable rest.
