

G20072 Purosucco | SLOW JUICER

► DESCRIPTION

With our Purosucco slow juicer you will be able to create a wide variety of healthy and natural juices, directly at your home and without any effort. The slow juicing process at 55 rpm and without the friction caused by the blades allows to preserve the natural taste of foods without altering their nutritional values and keeping intact enzymes, vitamins and mineral salts which can be naturally found in fruits and vegetables. Equipped with a silent and reliable 120 watt power DC motor, Purosucco is able to guarantee up to 30% more juice than traditional electric juicer. Made with durable and high quality materials, Purosucco also comes with a spout with a cap for creating well mixed and free from scraps juices. Recipe book is included.
