

G90007 Nimbus | RECHARGEABLE VACUUM CLEANER

► DESCRIPTION

Nimbus is a powerful and lightweight rechargeable vacuum cleaner, perfect for all types of floor. Thanks to its swivel steering and comfortable handle, any point can be reached effortlessly: the handle folds backwards and forwards to allow access underneath the furniture, in small spaces and corners that are difficult to clean. The dust and dirt in the corners are quickly sucked in by the motorized brush with LED illuminators, which is ideal for all types of surfaces, from ceramic to parquet floors. Nimbus also converts comfortably into a small cordless vac to ensure maximum versatility of use. With a weight of just 2.6 kg, this vacuum cleaner has an excellent 18,5V Lithium battery ensuring thorough and accurate cleaning without compromising handling. This unit offers an independent parking mode and does not require any support to rest thanks to its convenient self-standing option.
