

G20037 Tartàr 2in1 | MEAT GRINDER & TOMATO JUICER

► DESCRIPTION

Our electric meat grinder Tartàr is equipped with sturdy metal gears that will help you to do your job in minutes: perfect for preparing excellent homemade sausages, it is the ideal tool to grind fresh beef, pork, turkey, chicken or ham, evenly and effortlessly. Alternatively, you can also use it to easily grind vegetables for the preparation of soups and purees. Equipped with food presser, practical handle and non-slip feet, Tartàr is extremely easy to use even for less experienced users, who can enjoy all the advantages, both economic and time-saving, that a domestic meat grinder can give. Tartàr is a quality product, with an avant-garde design, which also fits well in modern kitchens; capable of mincing 1.3kg of meat per minute, it has a stainless-steel blade, three stainless steel discs (for coarse, medium and fine mince) and two accessories for sausage and kubbe, to meet all the different needs in your kitchen. The mainly stainless-steel tomato-juicer accessory makes the unit useful also for preparing preserves, tomato purees and jams.
