

G10115 MyTOAST | SANDWICH MAKER

► DESCRIPTION

Sandwich maker with non-stick corrugated plates. In a short time, you can toast bread of various consistencies or bake traditional toasts with different types of filling. Pressure cooking has some advantages: it takes place evenly both above and below and reduces baking times. Cleaning the plates is very simple and does not require any inspection, it only requires a cloth to remove the residues of cooking from the plates.
