

G10116 LAVICA TECH | PRESS GRILL

► DESCRIPTION

For healthy and natural cooking, choose the G3 Ferrari's LAVICA TECH: equipped with large, corrugated stone-effect non-stick plates that can be completely removed, it is easy and quick to clean and it guarantees perfect cooking in every occasion. The adjustable temperature, the excellent power, the convenient book-opening and the practical closing handle make it perfect for grilling meat, fish and vegetables but also toast, Italian bruschetta and American sandwiches in a few minutes and with excellent results. The side handles offer an easy grip when you want to move the unit, while the oil dripping container is integrated and easy to remove for daily maintenance and cleaning.
