

G10099 SAKURI' SO | RICE COOKER

► DESCRIPTION

With SAKURI' SO you can finally prepare up to 10 cups of excellent rice at a time, steamed impeccably, thanks to the auto-off function at the end of cooking. But not only that: SAKURI' SO also includes a tray for preparing fish and vegetables. Equipped with a non-stick removable pot, lid with steam vent and handle for maximum convenience, our rice cooker delivers a maximum power of 700 watts that will allow you to have your dishes on the table in a few minutes.
