

G20083 Mulinello | HAND BLENDER

► DESCRIPTION

The hand blender MULINELLO is equipped with a powerful motor (400 watts) and offers different practical advantages. Very powerful, it can afford the most difficult food preparation. Its stainless steel blending shaft allows various operations both with cold and hot foods. The removable shaft allows a better cleaning and a safe washing in the dishwasher. The 2 speeds always guarantee optimal results at the end of the process.
