

G20094 Trito3 | CHOPPER

► DESCRIPTION

With Trito3 you save time in the kitchen: perfect for speeding up food preparation, this food chopper, chop, mix and crumble a wide variety of foods in just a few minutes and without any effort. Prepare your fresh condiments, sauces, pesto, vegetable mixes and even baby food quickly and efficiently: the three stainless steel blades, combined with a powerful 220 watt motor, offer excellent performance. Onions, peppers, cheese and nuts are easy to prepare: once you have added food into the glass, simply press the lid down and in a few second you will get perfect results. Glass cup, lid and stainless-steel blades are all removable and can be conveniently washed in the dishwasher for an easy cleaning.
