

G40017 Califfo | STEAM IRON

► DESCRIPTION

Steam iron Califfo features 2200W power, stainless steel soleplate and steam control, to allow you ironing without any effort. Equipped with 360° swivel power cord that provides total freedom of movement, this unit is equipped with a large 280cc tank which allows the water filling operation to be performed at longer intervals. With convenient spray function to moisten the clothes, this iron is also equipped with self-cleaning button that will remove impurities from the steam chamber to keep your product always clean and efficient.
