

## G90076 Dolce Estate 12000 | PORTABLE AIR CONDITIONER

### ► DESCRIPTION

The air conditioner G90076 is the ideal solution for rooms up to 80 m<sup>2</sup>, perfect for small/medium apartments, offices, bedrooms and attics. Portable and easy to install, this unit offers immediate relief from excess heat and humidity and can be easily installed in all indoor environments: it provides a cooling power of 12,000 BTU while the dehumidification function allows up to 28 litres of humidity to be extracted within 24 hours, even in continuous mode. Equipped with flexible hose and window adapter, the G90076 air conditioner is equipped with a heat pump that allows use even during the winter season and during the coldest periods is an excellent help for the domestic heating system. Using the 24-hour timer it can switch off automatically. Equipped with a remote control that can easily control speed, temperature, dehumidification and heating settings even from a distance, this unit has directional wheels that will allow you to move the air conditioner from one room to another without any effort. Energy Class A and R290 Eco-Friendly refrigerant gas.

### ► TECHNICAL FEATURES
