

G20014 Tutta Natura | JUICE EXTRACTOR - BLENDER

► DESCRIPTION

If you're tired of expensive juices full of preservatives and sugar, this multifunctional juice extractor is the answer for your needs. With a single appliance, which combines the functions of juice extractor and blender, you'll be able to prepare milkshakes and smoothies and even healthy vegetable or fruit juices, citrus fruits and tomatoes juices in a few minutes. With Tutta Natura you will save time thanks to the large pulp container, which allows a continuous squeezing without unnecessary interruptions. Equipped with a 400 watt motor and two speeds-operated to optimize the extraction of the juice also from hard vegetables such as carrots and beets, this unit is equipped with a large feeding tube (65 mm diameter) which can accommodate almost whole fruit and vegetables. On the same unit based it is also possible to install the large glass jar (1.5 litres capacity) and transform the appliance in a professional blender, suitable for creating delicious cocktails, fruit soft drinks and milkshakes.
